Approved by AICTE, New Delhi ISO 9001-2015 Certification

NOTICE

Date: 1st June 2023

All first year and second year students of MBA General, MBA IT and MBA HRD are hereby informed that PIMSE is offering Free Certification on **"AWS Cloud Foundation"**.

After successful completion of the course, student will avail certificate from AWS Academy which has international recognition.

An introduction lecture about the certification and its execution is scheduled on 3rd June 2023 at 12.30 pm.

**Dr. Porinita Banerjee.**
Director (Incharge)

Report

On June 5, 2023, our institute hosted an exhilarating sport activity, the "AWS cloud foundation ". The "AWS Cloud Foundation" program is designed to provide participants with a fundamental understanding of Amazon Web Services (AWS) cloud computing services. This report outlines the objectives and outcomes of this educational initiative and was enthusiastically supervised by Mr. Mohammadali Shaikh.

The "AWS Cloud Foundation" program has successfully achieved its objectives by equipping participants with foundational AWS knowledge, confidence in cloud computing, and readiness for certification. This educational initiative lays the groundwork for more advanced cloud-related projects and solutions.

NOTICE

All the Students of MBA/ MBA-IT/ MBA-HRD are hereby informed that Session on "ICT tools for Cyber Security" under IQAC will be organized on Monday 26th December, 2022 at 11.30 am onwards. Student are instructed to attend the Session in uniform without fail.

Dr. Porinita Banerjee
Director (Incharge)

Report

Poona Institute of Management Sciences and Entrepreneurship hosted a session on "ICT Tools for Cyber Security" in order to bring together industry enthusiasts and students to explore the dynamic landscape of cybersecurity.The discussion was led by Dr. Prakash Sharma on Monday 26th December, 2022, a renowned figure from Passion IT who shed light on the importance of information and communications technology (ICT) tools in combating modern cyber threats.As the session began, Dr. Prakash Sharma explained the evolving nature of cyber threats, emphasizing the growing complexity and diversity of challenges facing organizations and individuals.Dr. Sharma provided an overview of the functionality of different cyber threat mitigation tools and the specific relevance of each tool.One of the most compelling aspects of the discussion was the integration of real-world examples and case studies to illustrate the practical application of these ICT tools across a variety of industries.This session provided attendees with an overview of how these tools have proven to be instrumental in thwarting cyberattacks and safeguarding sensitive information.At the end of the session, a forward-looking perspective was presented, which addressed the challenges associated with effectively implementing these tools. Furthermore, Dr. Sharma provided a glimpse into the evolving landscape of cybersecurity by offering foresight into potential future trends and innovations.The session equipped participants with valuable insights, encouraging a proactive approach in leveraging these tools to combat the ever-evolving landscape of cyber threats.

NOTICE

All the Students of MBA/ MBA-IT/ MBA-HRD are hereby informed that Session on "DelNet as Library network source for MBA Students" will be organized on Friday 21st January, 2022 at 10.30 am. Student are instructed to attend the Session in uniform without fail.

Dr. Porinita Banerjee
Director (Incharge)
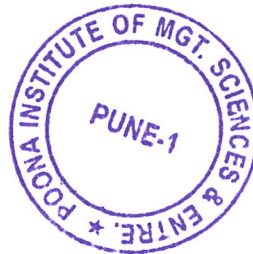

Report

A session conducted on 21st January 2022, titled "DelNet as a Library Network Source for MBA Students." The session was organized by PIMSE and featured Mr. Rohit Das Rathod as the speaker. The report aims to summarize the main points discussed during the session and highlight the relevance and benefits of DelNet as a library network for MBA students.

In conclusion, the session on "DelNet as a Library Network Source for MBA Students" provided valuable insights into the benefits and significance of DelNet for MBA students. The network offers a wide range of resources, interlibrary loan services, and collaborative research opportunities, all of which contribute to enriching the learning and research experience for MBA students.

By leveraging DelNet's extensive collection and collaborative features, MBA students can enhance their knowledge, access relevant research materials, and engage in interdisciplinary learning. Therefore, it was recommended that MBA students and faculty members actively utilize DelNet's resources and services to support their academic and research endeavours

Report

The session on "Leveraging Big Data Analytics for Business Insights" delivered by Ms. Sanyukta Borse was highly informative and engaging. It provided MBA students with a solid foundation in the concepts, applications, and future prospects of Big Data and Business Intelligence. The session not only broadened their knowledge but also stimulated their interest in pursuing further studies or careers in this domain. The session aimed to introduce MBA students to the concepts of Big Data and Business Intelligence and their significance in today's business landscape. The primary objectives were to help students understand the potential of big data analytics and how it can drive informed decision-making for organizations

Report

On June 3, 2021, our institute organized a online session on "The Power of Cyber Awareness in ICT Tools for Business Insights." The session aimed to highlight the importance of cyber awareness in utilizing information and communication technology (ICT) tools effectively for gaining valuable business insights. The session was conducted by Ms. Kausar Biyabani, an expert in the field of cyber security Ms. Kausar Biyabani began the session by emphasizing the increasing significance of ICT tools in modern business environments and the need for organizations to be aware of potential cyber threats. She explained that cyber awareness is essential for businesses to protect sensitive information, mitigate risks, and make informed decisions based on accurate insights derived from ICT tools.

All the Students of MBA/ MBA-IT/ MBA-HRD are hereby informed that Session on "ICT Tool for financial Management" will be organized on Monday 2nd September, 2019 at 11.00 am onwards. Student are instructed to attend the Session in uniform without fail.

Dr. Shakeel Ahmed
Director

Report

On 2nd September 2019, our Institute conducted a session on "ICT Tool for Financial Management." The session aimed to provide participants with insights into the effective utilization of Information and Communication Technology (ICT) tools for financial management. The speaker for the session was Dr. Porinita Banerjee, a renowned expert in the field. This report summarizes the key points discussed during the session and highlights the key takeaways for the participants.

The session began with an introduction to the importance of financial management in both personal and professional contexts. Dr.Porinita Banerjee emphasized the need for efficient financial management to achieve financial stability, make informed decisions, and maximize returns. She highlighted how ICT tools can significantly enhance financial management processes by automating tasks, improving accuracy, and providing real-time insights.

The session on "ICT Tool for Financial Management" conducted by Dr.Porinita Banerjee provided valuable insights into the effective use of ICT tools in financial management. Participants gained a comprehensive understanding of the benefits, features, and implementation considerations associated with ICT tools. The session served as a foundation for participants to explore and adopt appropriate ICT tools to enhance their financial management processes. The knowledge gained from this session will undoubtedly contribute to improved financial decision-making and operational efficiency.
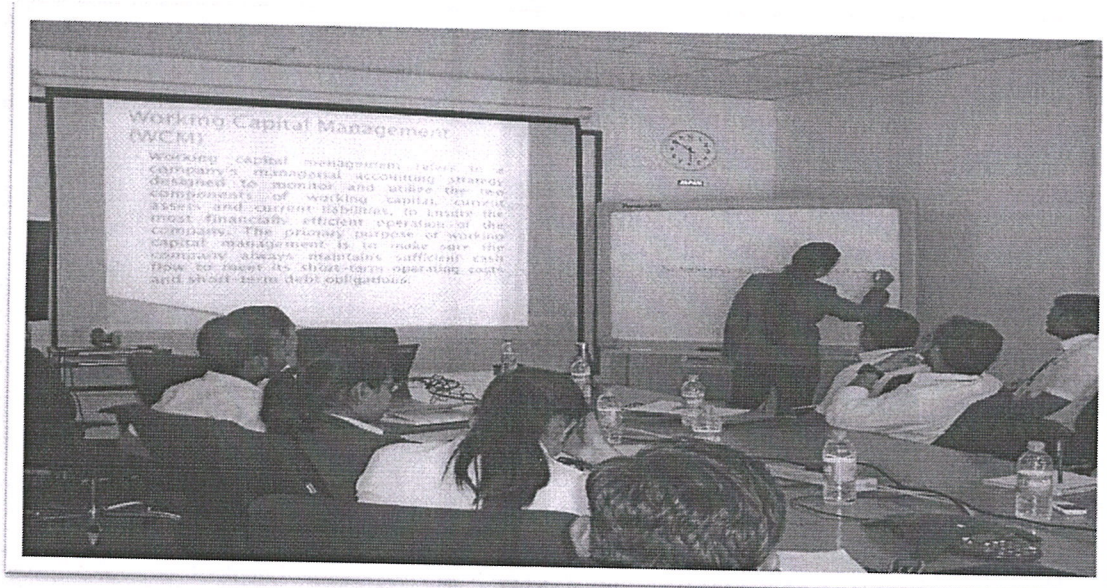

Dr.Porinita Banerjee during the Session interacting with the students

NOTICE

All the Students of MBA/ MBA-IT/ MBA-HRD are hereby informed that Session under IQAC on "Essential ICT Skills for MBA Professionals: Navigating the Digital Landscape" will be organized on Monday 11th January, 2019 at 10.30 am onwards. Student are instructed to attend the Session without fail.

Dr. Shakeel Ahmed
Director

Report

Aki's Poona Institute of Management Sciences & Entrepreneurship (PIMSE) has conducted on "Essential ICT Skills for MBA Professionals: Navigating the Digital Landscape." The session was held on 11/1/2019, and the speaker for the session was Mr. Sandip Jethani. The report aims to provide an overview of the topics covered during the session and key takeaways for MBA professionals in understanding and navigating the digital landscape.

The session on "Essential ICT Skills for MBA Professionals: Navigating the Digital Landscape" conducted by Mr. Sandip Jethani provided valuable insights into the key ICT skills that MBA professionals should possess. The session highlighted the importance of digital transformation, data analytics, cybersecurity, cloud computing, and emerging technologies. MBA professionals who embrace and develop these skills will be better equipped to navigate the digital landscape, drive innovation, and succeed in their careers in the modern business environment
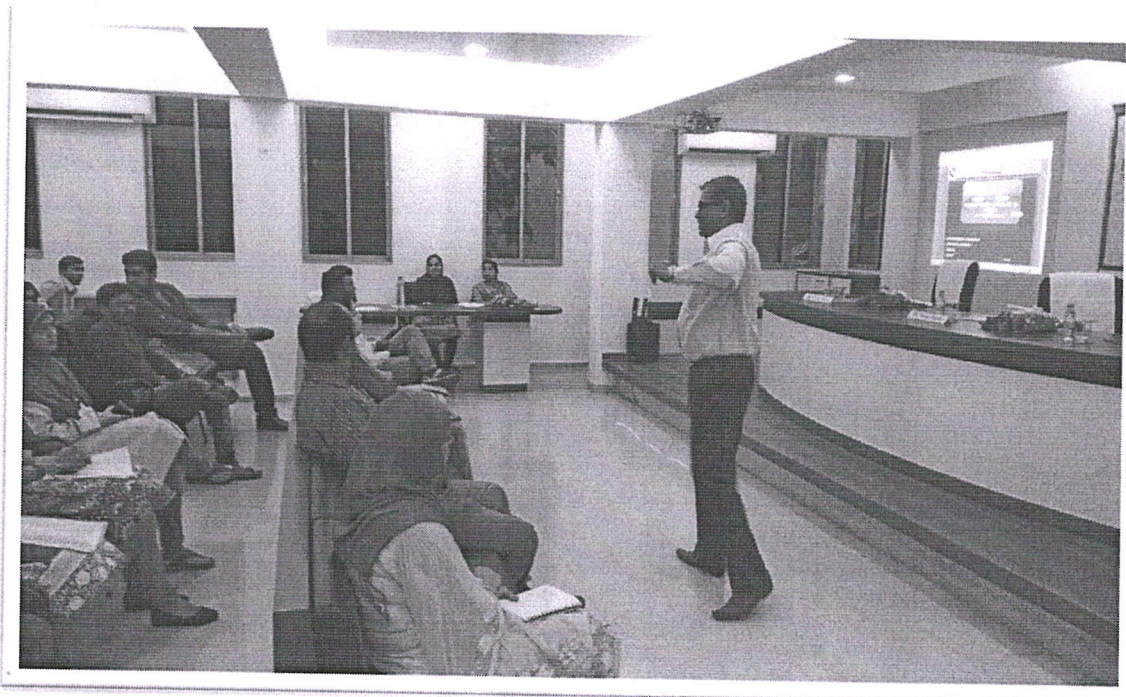

Mr. Sandip Jethani during the session interacting with the students

Director

Reports

On 31st March 2019, Poona Institute of Management Sciences & Entrepreneurship (PIMSE)organized a session titled "Introduction to Coding: Unlocking the Power of Technology for MBA Professionals." The session aimed to familiarize MBA professionals with the fundamentals of coding and its relevance in the business world. The speaker for the session was Mr. Ajay Vishwanath Panchal, an expert in the field of technology and coding.

The session on "Introduction to Coding: Unlocking the Power of Technology for MBA Professionals" provided an insightful and comprehensive introduction to coding and its significance in the business world. Mr. Ajay Vishwanath Panchal's expertise and engaging delivery style contributed to a highly informative and interactive session. The participants gained a fundamental understanding of coding concepts and their practical applications in business scenarios. This session served as a stepping stone for MBA professionals to further explore and develop their coding skills, thereby enhancing their competitiveness in the modern job market.
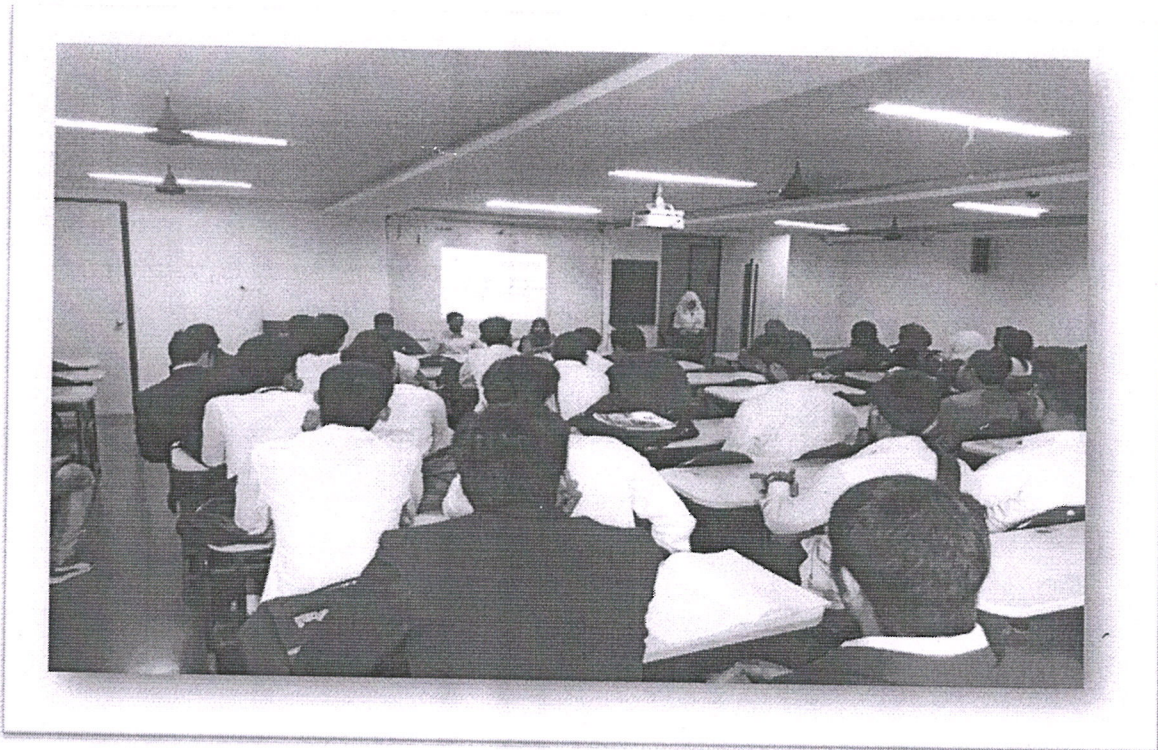

Mr. Ajay Vishwanath Panchal during the Session

NOTICE

All the Students of MBA/ MBA-IT/ MBA-HRD are hereby informed that Session on "Introduction to Big Data and Business Intelligence for MBA Students" will be organized on Saturday 12ᵗʰ October, 2018 at 10.30 am onwards. Student are instructed to attend the Session without fail.

Dr. Shakeel Ahmed
Director

Report

The session aimed to introduce MBA students to the concepts of Big Data and Business Intelligence and their significance in today's business landscape. The primary objectives were to help students understand the potential of big data analytics and how it can drive informed decision-making for organizations

The session on "Introduction to Big Data and Business Intelligence" delivered by Mr. Arshad Amir Jamadar was highly informative and engaging. It provided MBA students with a solid foundation in the concepts, applications, and future prospects of Big Data and Business Intelligence. The session not only broadened their knowledge but also stimulated their interest in pursuing further studies or careers in this domain.

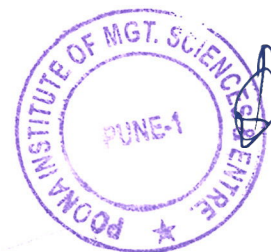

Dr.Shakeel Ahmed Felicitating the Guest for the session Mr. Arshad Jamadar

Dr. Shakeel Ahmed
Director

Report

On March 4, 2019, AKI's Poona institute of management sciences & entrepreneurship organized a session titled "Driving through the Technology for Business Google Group." The objective of this session was to provide insights into the role of technology in driving business growth and efficiency. The session was led by Mr. Jagdish Harish, an expert in the field. The "Driving through the Technology for Business Google Group" session conducted on March 4, 2019, proved to be an informative and engaging event. Mr. Jagdish Harish delivered a comprehensive presentation on the role of technology in driving business growth. The session provided attendees with a deeper understanding of the Google Group platform and how it can facilitate collaboration and knowledge sharing. Furthermore, participants gained insights into current technology trends, successful implementation strategies, and best practices for harnessing technology in business environments

We extend our sincere gratitude to Mr. Jagdish Harish for sharing his expertise and making the session highly valuable. We also thank all the participants for their active engagement and contributions to the interactive discussion
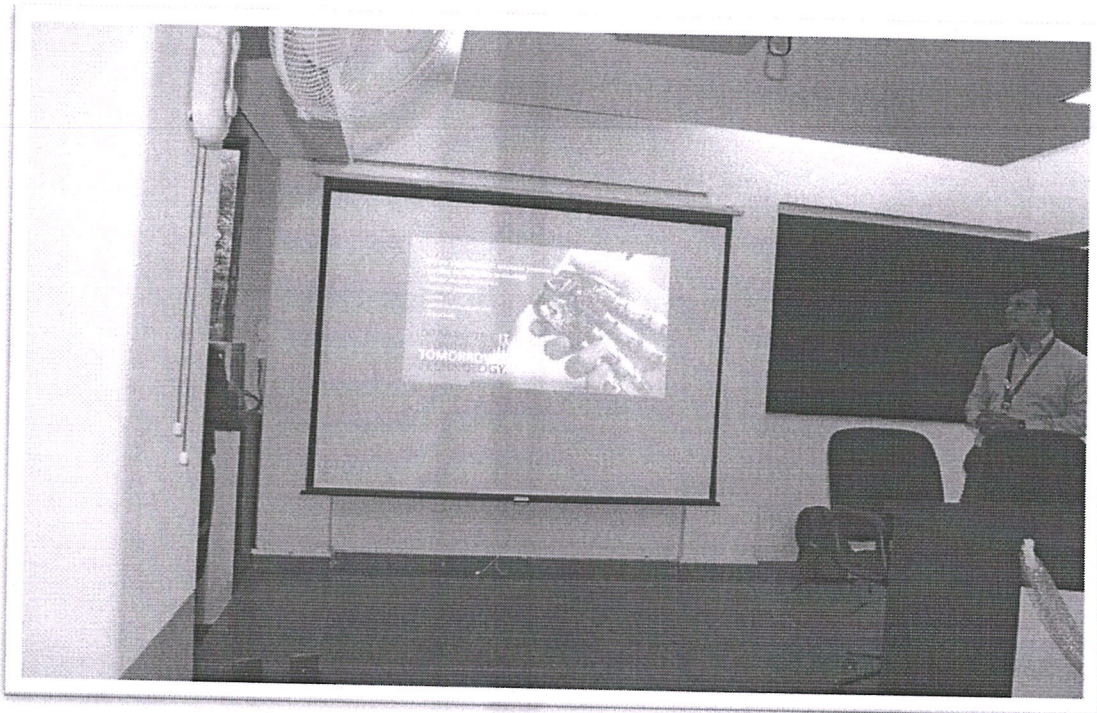

Mr. Jagdish Harish during the Session interacting with the students
