## **Student Counseling and Mentoring Cell**

**At PIMSE, The Student Council (SC) acts as an indispensable link between the administration and the students in order to maintain contact and representation. The students can meet on their own with administrative officials, but the council serves as a primary interaction feature for the students in order to promote good rapport.**

**The Student Council plays an important role in the preparation and organization of cultural, sports, and social events and educational work for students, thus increasing their interest in the school. It also gives students the chance to acquire techniques of leadership, participate in program planning, and volunteer, thus aiding in their self and career development.**

### **Objective:**

- To provide the counseling, and necessary support to assist with self-assessment, obtaining occupational information, exploring opportunities, presenting effectively as candidates to face the issues in societies.
